

### Happy New Year!

With the beginning of a new year, comes the beginning of other things as well! Sometimes with the coming of something new, situations change or some things leave... With this new year we do have changes coming! Our current President, Raquel Higdon, and her family are

moving to Idaho! We wish them the best of luck with their new situation and safe travelling for the journey! Taking over for Raquel is Ashley Hall, and taking her position as Co-Vice President is Neire Rabadan. Congratulations to our new officers. If anyone has questions, feel free to approach an officer! Please be patient with all the changes! Thanks!

*Our Key Clubbers in Action!*

Our club accomplished much in this last year... and there is more change and action to come! For success, we need cooperation, participation, support, effort, and lots of fun! As you can see, I only have pictures of certain people out doing things for our club. If you have pictures, send them to me! I can put them in my newsletters, and you'll get to see yourself in action too... speaking of action—many of the photos above are posed for and not action shots—those would be great to have more of too! Thanks, and I hope we can work together to make this a great year for our school, community, and club! Let's go!! ★

## Upcoming Events

The month of April sounds far away, but will be here before we know it! Many important events for our Key Club are occurring that month. We have of course Convention for some to go to! There is also Race for the Cure that weekend for those who are not attending Convention to get involved with. Lastly there are the Special Olympics in Georgetown. It is a fun event to help out at. Many people enjoy cheering on the participants from the sideline, working the concession stand,

or helping with certain events. To learn more about these future events, ask Mrs. Hughes or another member that has attended before, or just try looking these things up on the internet to find more specific information about them.

There are a couple more months before April arrives, however! In the mean time be working with service projects and attending meetings. A nice thing for you to

do would be to ask an officer if they need help with anything. Many times there is something that they could use help doing and would love for you to lend a hand when you can! As for specific things for each month, February and March do not seem to be too full of events. February is the month of Valentine's Day obviously, so our club is planning on doing a fundraiser called "Kiss' a Senior Goodbye!" For March, it is the month of spring break, so be looking for projects!

---

## What's it take?

## KEY CLUB

Do you want to be an officer? Are you curious about what they have to do? Being a Key Club officer brings the opportunity to learn new things and meet new people. It is a good chance to have a leadership position and to take on some fun responsibilities. Ask your Key Club officers from this year about their duties each month and whether they have learned anything awesome through performing them. If you are still unsure about some aspects of Key Club and what it does, talk to one of these leaders, visit our Facebook page, or visit the Key Club website. If you would like to make a difference and learn how to become a leader in your school, you should consider running for an officer position next school year. ★
